New book touts Secret to winning the Secret Sex Wars!

This is an anthology of seven Christian men who live in a world that exploits sexuality. Thus making it virtually impossible for a man to refrain from impurity. Temptations stem from TV, Internet, magazines, billboards, etc. They are exposed daily to countless provocative, sexy images. This is the battle that men fight when trying to "do the right thing."

Secret Sex Wars: A Battle Cry of Purity (Moody/Lift Every Voice) will help men to set up a regimen to combat sexual infidelity and other shameful secrets. This book will compel men to really acknowledge God as their source and guide while teaching them to stand on biblical principles. It also provides practical instructions on how to live according to God's will and learn from past failures. It is an authentic book about sexual impurity issues and a timely book that confronts this new "internet" generation of pornography consumers.

In addition to editor, Robert S. Scott, the book's contributors are: H.B. Charles, Paul Felix, Carl Hargrove, Brian Kennedy, Anthony Kidd, and Victor Sholar.
